#### IOT Watson Platform and IOT device with bluemix simulator:

The screenshot displays the IBM Watson IoT Platform console. At the top, a breadcrumb trail shows 'Resource list /'. The main header for the selected resource is 'Internet of Things Platform-5x', which is marked as 'Active' with a green checkmark. To the right of the header are links for 'Details' and an 'Actions...' dropdown menu. A left-hand navigation pane contains the following items: 'Manage' (highlighted), 'Plan', and 'Connections'. The main content area features a large graphic of a central square with a circle inside, surrounded by various IoT symbols like a cloud, a gear, and a network of nodes. To the right of this graphic is a section titled 'Let's get started with IBM Watson IoT Platform' with the text 'Securely connect, control, and manage devices. Quickly build IoT applications that analyze data from the physical world.' Below this text are two buttons: 'Launch' and 'Docs'. Further down, a section titled 'Ready for the next level?' introduces the 'IBM Watson IoT Platform Journey'. This section contains two progress indicators: 'Lite' (marked with a checkmark) and 'Non-Production' (marked with an empty circle). Below each indicator is a brief description: 'The Lite service plan provides a lightweight development environment to get you started' and 'The Non-Production service plan is a full-featured, fully-integrated offering that enables'. A blue chat bubble icon is located in the bottom right corner of the console area.
